## 3 Part Lecture Series with Rabbi Moshe D. Bryski

### Prophecies, Resurrection and Modern Day Miracles

Keying in on the moving and highly symbolic account of the Prophet Ezekiel's visit to a valley filled with the remains of previous generations and his visions of the "dry bones" resurrected, this workshop will explore core issues of Jewish belief, the bond between generations and the phenomenon of supernatural events – past, present and future.

### Do You Believe in Angels?

All throughout the Biblical stories, Scriptural writings, Rabbinical teachings and liturgical prayers, references are made to G-d's angels, or Divine Messengers, commissioned to fulfill specific functions and tasks. This workshop will go beyond the abstract concept of the Holy Hosts, beckoning us to recognize the presence of angels in our own lives. A most inspirational and uplifting exercise.

### The Jewish Pathology: "You Can Run but You Can't Hide!"

What is it about the Jew that would compel one who's sworn off any interest or association with Torah observance to suddenly embrace it in the strangest of ways under the most perplexing of circumstances? Beyond glib and simplistic explanations like guilt, nostalgia and cultural pride, what is it within the Jewish "pathology" that causes this spiritual schizophrenia and why should it not be seen as hypocrisy? Through humor and inspirational stories, this lecture will examine the deep and awesome dynamics of Jewish soul and identity.

*Instructor: Rabbi Moshe D. Bryski Location: The Academy - Agoura Hills*

*Dates: 3 Wednesdays, 8p.m. - April 21, 28, May 5 Fee: None. Open to the public*
